Neurology

- Stroke
- MS
- Head Injury

Brain and Spinal Cord injuries can be devastating for both the injured and their families. It is important for both parties to be comfortable with their rehabilitation consultants. At Burrard Physiotherapy, we have a number of therapists who will assist your recovery through movement to independence.

There is easy access to the clinic with patient drop off immediately outside our building and disabled access through the door on the right of the main entrance. With our spacious, private treatment rooms and large gym, we are well equipped for your rehabilitation needs. Whether you are in recovery or looking for long term maintenance we will endeavor to maximize your mobility and self sufficiency. Call us today at 604 684 1640 to make an appointment.
